SUMMARY

I am a passionate Hybrid Mobile developer with a Bachelor degree in computer science. I have over 4 years' experience in Mobile development. I have accomplished a lot of local and international applications using Ionic and Flutter. I am constantly striving to learn new technologies and look to better myself in the rapidly changing industry. I am interested in learning, contributing and improving day by day, taking part in teamwork. I am always willing to accept new challenges and actively seek out new technologies and stay up-to-date on IT trends.
